In that case, your Anw gap insurance continues free of charge as long as you receive WW. Do you intend to retire immediately after your WW ends and do you want to continue your Anw gap insurance? This is only possible if you also continue to participate in the standard scheme while receiving WW. Note: you can only choose to continue your Anw gap insurance once, and you can only use this form.

You do not get WW benefits

In that case, the Anw gap insurance ends on the date that your employment contract ended. You can only continue this insurance as long as you continue to participate in the standard scheme.
